

A HUMBLE PRAYER AND PETITION

The Honourable, The Speaker, and Members of the Legislative Assembly of Queensland
Parliament House
George Street
BRISBANE QLD 4000

MAY IT PLEASE THE PARLIAMENT

I believe that it is my duty to keep you informed of 'MY WILL' on anything that comes before Parliament, or that should come before Parliament.

The Queensland Government has announced its intention for the compulsory 'fluoridation' of Queensland's drinking water supply with such 'toxic chemicals' as, namely...

- Disodium Hexafluorosilicate - *commonly known as...* Sodium Fluorosilicate (Na₂SiF₆)
- Hexafluorosilicic Acid - *commonly known as...* Fluorosilicic Acid (H₂SiF₆)
- Sodium Fluoride (NaF)

In fact, these toxic fluoridation chemicals are waste materials from aluminium smelters and fertilizer plants, the disposal of which are governed by international law.

Furthermore, the proposed toxic fluoride compounds, which constitute the fluoridation chemical cocktail (see above), have been 'Banned, Rejected or Stopped' for public water fluoridation by Austria, China, Belgium, Denmark, Finland, Germany, Hungary, Japan, Norway, Sweden and The Netherlands, with others countries currently following suit.

Therefore, as a conscientious objector to the compulsory 'fluoridation' of my family's drinking water, it is 'MY WILL' that no compulsory 'fluoridation' of Queensland's public drinking water supplies is undertaken without the consent and express will of the Queensland People by referendum, which may be held in conjunction with the next State election.

I do most humbly and respectfully Pray and Beseech The Honourable Speaker to convey 'MY WILL' to the Queensland House of Parliament.

I am one of Her Australian Majesty's respectful servants.

GOD SAVE THE QUEEN!
